## **Mouse Anti-Human SAA Monoclonal Antibody Datasheet**

Product Name: mAb anti-Human SAA Clone No.: 38

Catalogue No.: MO-C40028L Quantity: 0.5 mg/vial

**Description:** Mouse monoclonal antibody to human

serum amyloid A (SAA)

Purification: Protein G affinity purified

**Product type:** Primary antibody

Target Protein: Human SAA

Immunogen: Highly purified recombinant human SAA

(MW: 12 kDa)

Fusion Sp2/0-Ag14

Myeloma:

**Specificity:** This monoclonal antibody reacts with

natural and recombinant human SAA.

**Species** Human, others not tested

Reactivity:

**Cross-** Does not show any cross-reaction with

**Reactivity:** other human cytokines or growth factors

tested such as IL-1 $\beta$ , IL-8, MCAF, TGF- $\beta$ 

and EGF.

Host / Isotype: Mouse, IgG2b Kappa

**Formulation:** Lyophilized from a solution in 0.01M PBS,

pH 7.2

**Reconstitution:** Double distilled water is recommended

to reconstitute the antibody.

Storage: Store at -20°C

**Research** Acute phase protein, Inflammatory

Area: reaction

**Background:** SAA is an acute phase protein and a

sensitive inflammatory marker.

Cytokines such as IL-1, IL-6 and TNFalpha stimulates hepatocytes to produce and release SAA. In acute phase, SAA in blood can increase to more than 1,000

folds of normal level. Prolonged and repeated elevation of SAA results in abnormal deposition of amyloid proteins

in organ or tissue in insoluble beta pleated form. Determination of SAA levels is important for assessing renal allograft rejection, estimation of tissue

damage caused by myocardial infarction and severe angina, and diagnosis of inflammation in cystic fibrosis patients

and in patients infected with virus.

**Applications: ELISA:** React with human SAA.

Western Blot: The antibody, when used at concentration of 0.1-0.5μg/mL will allow visualization of 100ng/lane of

recombinant human SAA.

**References:** If research is published using this

product, please inform Anogen in order to cite the reference on this datasheet. Anogen will provide one unit of product

in the same category as gratitude.

This product is for LABORATORY RESEARCH USE and further manufacture ONLY, and cannot be administrated to human and animals for use in diagnostic and therapeutic procedures.

Manufactured by ANOGEN - A Division of YES Biotech Laboratories Ltd.
